

### 2431 ATHLETIC COMPETITION

The Board of Education recognizes the value of a program of athletic competition for both boys and girls as an integral part of the total school experience. Game activities and practice sessions provide opportunities to learn the values of competition and good sportsmanship. Programs of athletic competition, both interscholastic and interscholastic, offer students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that offered by the class or school or school district alone, and an opportunity for career and educational development.

For purpose of this Policy, programs of athletic competition include all activities relating to competitive sports contests, games, events, or sports exhibitions involving individual students or teams of students when such events occur within or between schools within this district or with any schools outside this district. The programs of athletic competition shall include, but are not limited to, high school interscholastic athletic programs, middle school interscholastic athletic programs where school teams or squads play teams or squads from other school districts, and/or intramural athletic programs within a school or among schools in the district

#### Eligibility Standards

A student who wishes to participate in a program of athletic competition must submit, on a form provided by the district, the signed consent of his/her parent. The consent of the parent of a student who wishes to participate in a program of athletic competition will include an acknowledgment of the physical hazards that may be encountered in the activity.

Student participation in a program of athletic competition shall be governed by the following eligibility standards:

1. A student in grades kindergarten through eighth is eligible for participation in school district sponsored programs of athletic competition if he/she does not have two classes with a 70 or below or a failing grade in one class. Re-evaluation after two weeks will take place.
2. A student who is absent for more than half the school day may not participate in school district sponsored programs of athletic competition the afternoon or evening of that school day.
3. A student who is serving an in-school or out-of-school suspension may not participate in school district sponsored programs of athletic competition while serving the suspension.

4. A student in any grade who fails to observe school rules for student conduct may forfeit his/her eligibility for participation in school district sponsored programs of athletic competition.

Notice of the school district's eligibility requirements shall be available to students.

### Required Examinations – Interscholastic or Intramural Team or Squad

Students enrolled in grades six to eight must receive a medical examination, in accordance with the provisions of N.J.S.A. 18A:40-41.7, prior to participation on a school-sponsored interscholastic or intramural team or squad

Information concerning a student's HIV/AIDS status shall not be required as part of the medical examination or health history pursuant to N.J.S.A. 26:5C-1 et seq. The health findings of this medical examination shall be maintained as part of the student's health record.

### Emergency Procedures

Athletic coaches shall be trained in first aid to include sports-related concussion and head injuries, the use of a defibrillator, the identification of student athletes who are injured or disabled in the course of any athletic program or activity, and any other first aid procedures or other health related trainings required by law or the Superintendent.

The Superintendent shall prepare and present to the Board for its approval procedures for the emergency treatment of injuries and disabilities that occur in the course of any athletic program or activity. Emergency procedures shall be reviewed not less than once in each school year and shall be disseminated to appropriate staff members.

### Interscholastic Standards

The Board shall approve annually a program of interscholastic athletics and shall require that all facilities utilized in that program, whether or not the property of this Board, properly safeguard both players and spectators and are kept free from hazardous conditions.

The Board adopts the Constitution, Bylaws, Rules, and Regulations of the New Jersey State Interscholastic Athletic Association as Board policy and shall review such rules on a regular basis to ascertain they continue to be in conformity with the objectives of this Board.
