

R 2340 FIELD TRIPS

A. Definition

A “field trip” is any journey by a group of students away from the school premises that has been duly approved in accordance with Policy No. 2340. A school sponsored trip taken by students as part of a co-curricular activity or a class trip is not a field trip and is governed instead by Regulation No. 5850. Travel between Briarwood Elementary School and Brooklake Elementary School is not considered a field trip.

B. Approval of Trips

1. A list of field trips considered appropriate for each grade level or subject area will be prepared cooperatively by teaching staff members and approved by the Principal. The approved list will be reviewed annually for additions, deletions, and revisions and will be distributed to teachers as a suggested guideline. In addition, the curriculum guide for a specific course of study may include suggested field trips.
2. To ensure the equitable allocation of budgeted field trip funds, each teacher shall submit a list of proposed field trips to the Principal at the beginning of the school year. The acceptance of the list does not constitute approval of any specific field trip on the list or of the number of field trips proposed by a teacher.
3. A teacher shall request approval of a specific field trip by submitting a written application to the Principal no less than forty-five working days prior to the date of the anticipated trip. Field trip application forms are available in the office of the Principal.
4. The field trip application will include:
 - a. Proposed date of the trip (which should be checked in advance against the school calendar) and any alternate date(s);
 - b. The proposed destination and, if the destination is not generally known, its description and the reason it is selected by the teacher;
 - c. The relationship of the trip to curriculum goals and objectives;
 - d. The location of the destination and the route that will be taken to it;

- e. Transportation arrangements, the estimated cost of transportation, and the provision of safe and adequate loading and unloading areas for bus-borne students;
 - f. The time of departure and the estimated time of return to the school;
 - g. Provisions for emergency and sanitation facilities;
 - h. Admission fees and tolls, if any; and
 - i. Provisions for meals, if any are required.
5. The Principal may deny a field trip request when:
- a. The application is incomplete;
 - b. The anticipated cost is excessive;
 - c. The proposed trip bears insufficient relationship to the curriculum;
 - d. The students involved will have been taken from the class for the trip and other activities for an excessive amount of time;
 - e. The trip conflicts with other scheduled events or with other demands on school buses;
 - f. The class has exceeded its equitable allocation of field trips;
 - g. The trip will occur during an exam period or immediately before the end of a marking period; or
 - h. The destination and trip activity are inappropriate choices for students of the age and maturity typical of the class.
6. A request for an overnight field trip must receive the preliminary approval of the Superintendent before it is submitted to the Board of Education for final approval.
7. The teacher will be given written approval or denial of the teacher's request for a field trip. A denial of approval will include the reason(s) for the denial.

C. Planning and Preparation

1. Each teacher who plans a field trip should take the following preliminary steps:
 - a. Determine that the proposed trip is the best method available for achieving the desired learning outcomes. Consult the list of approved field trip destinations for alternatives;
 - b. Consult the school calendar for any conflicts with the projected date of the field trip and for any clusters of field trips on or about that date;
 - c. Determine whether classes can be combined in a joint field trip for maximum economy;
 - d. Gather the information necessary to fill out the field trip application form; and
 - e. Complete and submit the form.
2. If the field trip is approved, the teacher should take the following preparatory steps:
 - a. Discuss the proposed trip with students, giving particular attention to;
 - (1) The purpose of the trip and its relationship to the course of study,
 - (2) What in the trip the students should give particular attention to and ask questions about,
 - (3) Any reports, note taking, sketching, or the like students should accomplish on the trip,
 - (4) The assignment of background materials and research to enhance the value of the trip, and
 - (5) Rules of conduct and expected behaviors, both at the trip destination and in transit to and from the destination.

- b. Distribute and collect a permission slip for each student who will participate in the trip. The slip must be signed by the student's parent(s) or legal guardian(s). The slip will include notice of:
- (1) The date, departure time, and return time;
 - (2) The destination and its location;
 - (3) The name of the teacher in charge;
 - (4) The means of transportation; and
 - (5) The purpose of the trip.
- Signed permission slips will be filed with the teacher, who will file them until the end of the school year.
- c. When a trip involves water (i.e., boat trips, swimming, etc.) a special form for these activities must be completed for each student by their parent.
- d. No student is permitted to participate on a field trip unless the permission slip is signed and returned prior to the trip.
- e. Make arrangements for travel and inform the Principal of those arrangements in writing no later than ten days before the trip.
- f. Arrange with officials at the point of destination for:
- (1) The students' admission;
 - (2) The provision of any materials that will enhance the trip;
 - (3) The services of guides, if necessary; and
 - (4) The provision of meals, if necessary.
- g. Arrange for chaperones, who may be other teaching staff members or volunteer parent(s) or legal guardian(s), and apprise them of their responsibilities.

- h. It is recommended teachers designate tasks ahead of time to other teachers in order to expedite matters. Each bus should have one teacher that has a mini first aid kit (zip lock baggie) that the nurse has supplied. The charge teacher should have emergency contact information with her.
 - i. If unfamiliar with trip destination, make a reasonable effort to visit the premises to become acquainted with points of interest, special features, potential problem areas, and the food and restroom accommodations.
 - j. Notify other teachers or departments, as appropriate, of the nature of the field trip and the students involved in the trips:
 - (1) To permit other teachers to plan for the absences; and
 - (2) To encourage other teachers to incorporate the field trip experience in their lesson plans.
 - k. Notify the cafeteria manager of the number of students who will miss lunch on the day of the field trip.
 - l. Prepare a roster of students who will participate in the field trip.
 - m. Make alternate educational arrangements for any students who will not participate in the field trip.
 - n. Ascertain whether any student participating in the field trip will or may require medication in the course of the trip and arrange for the presence of the school nurse, a registered nurse, or the student's parent(s) or legal guardian(s) to administer the medication, except where students are allowed to self administer medication under statutory authority. If none can be present, report the matter to the Principal who may deny the student's participation.
3. On the day of the field trip, the teacher will:
- a. If the weather is inclement and the trip is to take place out of doors or involves transportation that might be made hazardous by the weather.
 - (1) Check with the Principal who may determine to cancel or postpone the trip.
 - (2) If the trip is canceled or postponed, promptly inform chaperones.

- b. Attendance:
 - (1) Homeroom teachers must take attendance and submit to the Main office.
 - (2) Attendance must be taken on each bus prior to leaving school grounds. All discrepancies must be reported to the Main office.

 - (4) Buses may not leave the school premises before the above information is provided to the Main office.
- c. Ascertain that the full complement of assigned chaperones is present and prepared.
- d. Ascertain that all students participating in the field trip have left the school by the arranged method of transportation. Only in exceptional circumstances, approved in advance by the Principal, may students be delivered directly to the destination by means other than those arranged by the teacher.
- e. Take all reasonable steps to assure that students profit educationally from the trip.
- f. Make no change or substitutions in the trip itinerary unless an emergency has occurred (see paragraph E following).
- g. Ascertain that all students participating in the field trip have left the destination by the arranged method of transportation. Only in exceptional circumstances, approved in advance by the Principal, or in an emergency may students be taken from the destination by means other than those arranged by the teacher.
- h. If the trip will bring students back to school after the end of the school day, ascertain that the Principal will remain on the premises until the student's return or has appointed an emergency coordinator to remain on school premises. Plan to stay at the school or assign a chaperone to stay at the school until the last student has been picked up or has departed for home by his/her regular transportation.

D. Chaperones

1. The teacher in charge of the trip is responsible for appointing and training chaperones. Chaperones should be persons known to the teacher to be responsible, dependable, and comfortable with children of the student's age and maturity.
2. The Board will pay the expenses of chaperones to the extent that the expenses of students and teachers are paid.
3. Chaperones will be assigned a specific group of students and are accountable for the welfare of those students. Students must not be left unattended; if the chaperone must briefly leave his/her assigned students, the chaperone should ask the teacher or another chaperone to take his/her place for the absence.
4. Smoking and the use of alcohol or drugs or the possession of weapons is prohibited for both students and chaperones.
5. Prior to their arrival at the destination, chaperones should inform the students in their charge of:
