## **H. PUBLIC COMMENT-OPEN:**

This portion of the meeting is open to any individuals for the purpose of addressing resolutions on this agenda or matters that they find is important to the Board of Education, and is governed by Board Policy 0167. Prior to making a comment, members of the public are required to state their names, addresses and the subject matter of the comment. Comments are limited to three minutes per person. No participant may speak more than once on the same topic until all others who wish to speak on the topic have been heard. Comments made by members of the public may or may not be responded to by the Board. Any response that is provided will be made at the end of the public comment period, after all comments have been heard.

The Board asks that members of the public be courteous and mindful of the rights of other individuals when speaking. Students and employees have specific legal rights afforded by the laws of New Jersey. Therefore, comments regarding specific students and employees will not be responded to by the Board. The Board bears no responsibility nor will it be liable for any comments made by members of the public. Members of the public should consider their comments in light of the legal rights of those affected or identified in their comments and be aware that they are legally responsible and liable for their comments

- Ms. Hausman - Congratulated those members of the FPEA receiving the Governors Award. Ms. Hausman communicated her angst in light of Ms. Weibel leaving as she was a great fit for Brooklake that boosted the staff's morale +++, and in light of the retiring board members Mr. Ritrivi and Ms. Crimi both of whom were receptive to the staff's concerns which was very appreciated. Ms. Hausman hopes new board are as supportive and positive. Ms. Hausman asked for information on the Briarwood/Brooklake windows. Mr. Csatos provided the scope of the project including area affected and type of windows.
- Mr. Winters - asked a series of questions surrounding the solar project, Hanover Park Referendum, SSBVEER Grant, SLEO Program and maintenance/custodial stipends. Mr. Csatos replied stating a new analysis of solar production based on "as built" increased the districts projected revenue. The PPA is locked in so with higher rates of electricity this district is in a positive position. The SLEO Agreement remains unchanged from the previous year. The SSBVEER grant for the replacement of 2005 Briarwood classroom units is in phase two of review. LAN Associates is preparing a report to the NJCEP. The maintenance custodial stipends approved last month are charged to the referendum. Lastly, the Hanover Park RHS referendum question may provide flexibility in scope of projects, if not unspent proceeds are directed to pay down debt service.
