Students explored more about these contributions in their world language, interactive read alouds, and social studies classes.
6. District Happenings/Communication
 - Communication will be going out shortly from the schools to start scheduling parent teacher conferences for November. Please look out for this communication, as well as other important school and district happenings and information that are provided weekly via each school's weekly communication flyer.
7. National Principal Recognition Month
 - Recognized and thanked each school principal for their efforts since October is National Principal Recognition Month. Dr. Caponegro also recognized and thanked the other administrators for their efforts since the district's business administrator, supervisor of curriculum and instruction, director of special services and supervisor of ELA do not receive a national month of recognition. Stated that the district has an incredible administrative team.
8. Florham Park Public Schools - 2022 Niche Grade "A"
 - Announced to the BOE and community that for the 2nd year in a row, the Florham Park School district received an "A" rating by Niche. Home values are tied to Niche, as Niche factors in many components to derive this score for NJ school districts. First time the district received an A rating was in 2020 when the district received an "A-" rating. Credited the students, teachers, administration, staff, parents, Board of Education and community members. Added that while attending a county sub-committee meeting earlier in the month, the Florham Park Schools, and a few others, were recognized for championing and providing high-quality in-person instruction during a time when others were unable to. Credited the district's instructional plan during and post pandemic.

H. PUBLIC COMMENT-OPEN:

This portion of the meeting is open to any individuals for the purpose of addressing resolutions on this agenda or matters that they find are important to the Board of Education, and is governed by Board Policy 0167. Prior to making a comment, members of the public are required to state their names, addresses and the subject matter of the comment. Comments are limited to three minutes per person. No participant may speak more than once on the same topic until all others who wish to speak on the topic have been heard. Comments made by members of the public may or may not be responded to by the Board. Any response that is provided will be made at the end of the public comment period, after all comments have been heard.

The Board asks that members of the public be courteous and mindful of the rights of other individuals when speaking. Students and employees have specific legal rights afforded by the laws of New Jersey.

Therefore, comments regarding specific students and employees will not be responded to by the Board. The Board bears no responsibility nor will it be liable for any comments made by members of the public. Members of the public should consider their comments in light of the legal rights of those affected or identified in their comments and be aware that they are legally responsible and liable for their comments.

Ms. Quigley - Read from a prepared statement stating concern over federal and state mandates with regards to vaccinations and sex education curriculum. She further stated concern over the NJEA's support for such mandates. She asked parents to get involved. She asked how the district plans to hold teachers accountable for what they teach. Dr. Caponegro replied that this has been covered the past few meetings. He outlined how the curriculum was developed, where it is located on our website, that parents will receive materials weeks prior to being taught to make a decision best for their family since they can opt-out, and how anyone can contact the district to have further information provided. Dr. Caponegro stated that disciplinary actions would be taken if any staff member decided not to adhere to the curriculum, as has always been the protocol in the district.

Ms. Penia - stated her support for having "rugs" in classrooms to provide a communal space important to the workshop model. Dr. Caponegro replied, stating the history of rugs in our classrooms and the recommendation by the district environmentalist to find an alternative. The district has been working on this and has settled on individual "sit up ons".

Mr. Winters - asked how inflation has will impact the referendum, is the solar panel system up and running? And where did the Board get funding for the FPEA and FPAA side bar agreement covid payments? Mr. Csatos replied that inflation will no doubt impact cost and the referendum is a locked in cost, however over 85% of the project is complete and still on budget. The solar system is up and running and this month will be first billing cycle. The Board funded the side bar agreements with prior year 2022 "Extraordinary Aid".

Ms. Hausman - Brooklake FPEA president stated her association members are happy to have had a strong start to the year and communication with administration and Board has been strong.
