This portion of the meeting is open to any individuals for the purpose of addressing resolutions on this agenda or matters that they find is important to the Board of Education, and is governed by Board Policy 0167. Prior to making a comment, members of the public are required to state their names, addresses and subject matter of the comment. Comments are limited to three minutes per person. No participant may speak more than once on the same topic until all others who wish to speak on the topic have been heard. Comments made by members of the public may or may not be responded to by the Board. Any response that is provided will be made at the end of the public comment period, after all comments have been heard.

The Board asks that members of the public be courteous and mindful of the rights of other individuals when speaking. Students and employees have specific legal rights afforded by the laws of New Jersey. Therefore, comments regarding specific students and employees will not be responded to by the Board. The Board bears no responsibility nor will it be liable for any comments made by members of the public. Members of the public should consider their comments in light of the legal rights of those affected or identified in their comments and be aware that they are legally responsible and liable for their comments.

Ms. Thomas thanked the Board, Administration and staff for their hard work and wished everyone well for the future.

Mr. Esposito, Mr. Leone, Mr. Serfozo and Ms. Hausman, FPEA members, congratulated Ms. Paulson on her retirement.

Ms. M. Shanley congratulated Ms. Paulson. Ms. Shanley requested the district consider having fall sports.

- *Dr. Caponegro stated that he admired M. Shanley's passion as a middle school student, and remembered attending one of her games with Mr. Letchinger while a BKL student. Dr. Caponegro indicated his passion for sports as well. Dr. Caponegro stated that as per his discussions with the health department and due to the uptick of COVID, it was not recommended at this time to conduct after-school sports, if avoidable, due to the higher risk associated with these activities and the intermingling of students. In addition, after school sports and other extra curricular activities presents an added variable to the equation that may lead to a grade or school closure due to exposure and contact tracing. Dr. Caponegor indicated that the district's goal is to keep the schools open physically for the students to provide them the education they deserve. Dr. Caponegro stated that we know that there are many variables during this time, many of which are out of our control, but this is an item within our control at this time. Should the district's situation change, and Dr. Caponegro stated that he hopes it does, communication will be provided to the BOE and public in consultation with the Florham Park health department. Addressed that students at RMS do participate in physical education class during the day, but do participate in movement breaks with coordinated activities in the gym and/or outside.*

Ms. B. Shanley congratulated Ms. Paulson on her retirement.

Mr. DeCessa requested that fall sports be held this year.

Ms. Hausman, FPEA President communicated to the district and Board that district personnel be kept safe during the uptick in the area and programming be maintained as is currently.

Ms. Hausman asked for clarity on personnel contracts being approved.

- *Dr. Caponegro stated the personnel are on the district's website and cited their names.*

Ms. Thomas and Ms. Ahlert requested information on the non quarantine of a classroom teacher.

- *Dr. Caponegro stated that as communicated with the parents and staff, this situation took place at BKL on 10/22 and according to the NJDOH requirements and Contact Tracing, at that time on 10/22, it called for quarantining anyone within 6' for 10 consecutive minutes. This NJDOH guideline changed on Friday morning 10/23; therefore, in conversations with our health officer, he recommended using the newly communicated NJDOH parameters. According to the new contact tracing requirements provided to the district on Friday 10/23, it now called for anyone within 6' of the individual for 15 cumulative minutes. Since the district was conducting its teaching practices using the 6' 10 consecutive minute protocol, the district could not guarantee whether this individual was cumulatively around students for 15 minutes or more, whether working directly with or in close proximity; therefore, out of an abundance of caution and in consultation with the district's health officer, it was decided to quarantine the students. The one person that the individual who contracted COVID indicated was never in proximity of within 6' for 15 cumulative minutes was the general education/lead classroom teacher, and this was also verified by the general education teacher. The lead teacher not being quarantined makes sense considering the strategic makeup of the classroom and that the classrooms were specifically designed so that the lead teacher is always 6' away from the class and other staff members. This information was confirmed both via separate conversation between the COVID positive individual and the lead teacher. Dr. Caponegro then showed a picture of a sample classroom and demonstrated how the lead teacher's area was sectioned off 6'+ away from the students.*

K. OLD BUSINESS/NEW BUSINESS:

- CQTours
 - *Dr. Caponegro stated that the BOE asked me at the previous September BOE meeting to provide a follow up with CQTours regarding our outstanding balance from the Spring 2020 Gr.8 Washington DC trip. Dr. Caponegro requested that the district attorney send a followup letter to CQTours indicating that CQTours still owes the district \$7,870 out of the \$39,000. Dr. Caponegro was happy to report to the BOE and public that due to the BOE providing him with permission to aggressively seek these funds in the spring and using the district attorney to do so, the district has already collected \$31,130, and the remaining \$7,870 was monies raised from fundraising. Therefore, and most importantly, all students and families were reimbursed with all out of pocket expenses. As the situation will continue to be addressed, Dr. Caponegro will inform the BOE as new information arises.*
- Sondra Paulson Email
 - Dr. Caponegro indicated that he was going to summarize an email sent to him by Mrs. Paulson, but since Mrs. Paulson was being recognized due to her retirement tonight, Dr. Caponegro had Mrs. Paulson read her email, which praised the Superintendent and district for the reopening plans the details to which the plan addressed. Mrs. Paulson stated that all staff were working incredibly hard and a dedicated. Dr. Caponegro stated at the end that he had to remind Mrs. Paulson and the public, that this plan was created with the input from the administration, teachers, parents and community members, and this was a plan created by the collective whole.
