

8651 COMMUNITY USE OF TRANSPORTATION

The Board has made the buildings and grounds of the district's public schools available for nonprofit use, provided that in the opinion of the Superintendent such use would not conflict with, impede or negatively affect the operation of any school-related activities. The Board will also make school-owned vehicles available to transport groups of qualified senior or disabled citizens to civic, social, cultural, educational, recreational, nutritional and health programs and activities within the district, or in the immediately surrounding districts, provided the distance does not exceed twenty-five miles. "Qualified" senior citizens are persons over age sixty residing in the area served by this school district and their spouses of less than sixty years old if they are accompanying them.

Said travel shall be restricted to a destination within the Florham Park School District, or any other school district which shares in some part of a common boundary with our school district.

Further, the Board will make district buses available to groups of children and adults for transportation to and from municipal programs or events and any other programs at the discretion of the Superintendent.

The Superintendent shall formulate administrative regulations in conformity with N.J.A.C. 6A:27-7.8 and all other pertinent law. These regulations may provide for payment by the group of all or part of the costs incurred by the district in such use of its vehicles. The regulations will also refer to, without duplicating, all current regulations governing conduct of the public on and/or using school facilities.

The Board shall approve the use of buses for all non-school purposes.
